While many colleges have gone test optional, the early data has shown that students who submit SAT or ACT test scores have an admissions advantage.

All-Pro Tutoring and Test Prep strongly urge students to continue to prepare for and take the SAT or ACT test. We offer in-person and online classes as well as private in-person and online sessions.

DID YOU KNOW?

The average SAT score is 1080 and the average ACT score is 21.

The higher you score, the more you will differentiate yourself from the crowd.

Higher-than-average scores show colleges you are dedicated, disciplined, and determined.

High scores will ease admission into competitive colleges and majors, as well as position you for financial rewards and scholarships.
