

Donna Tomkins Biography

My husband JT(GI Class of 1974) and I currently live on Bishops Gate Road right behind the High School. We have two sons Nicholas and Benjamin who attended Sidway, Kaegebein and the Middle School. They both graduated from our High School, Nick in 2008 and Ben in 2011. I have lived on Grand Island since 1982 and am proud to have served my community in many ways whenever possible. My husband and I took on Little League teams, soccer teams, basketball teams and Cub Scout dens. I served as Treasurer of the Cooperative Nursery School. I was an officer in the Sidway and Kaegebein PTA's. For the past 27 years I have worked full time at Severson Environmental Services as their Corporate Travel Coordinator.

I am very excited to be seeking my third term as a trustee of the Grand Island Board of Education. I promise to keep asking the tough questions and will continue to hold our administrators accountable while promoting what I feel is right for our children. I am proud of being involved in the development of our current capital project and look forward to seeing it completed. These much needed infrastructure improvements will go a long way towards maintaining Grand Island's tradition of excellence in education, music and sports.
