

Directions: If you are familiar with QR codes, you can use your smartphone camera to point it at the QR code shown below. A “banner” will pop up on your phone screen. Touch the banner and your phone will open a webpage where you can complete the Health Screening form each day your child attends school. If you like these QR codes, you may want to consider printing this document and keeping it available for future use. Additionally, we will send an email each day with the link to the health screening form as well.

Grand Island High School Health Screening

Veronica E. Connor Middle School Health Screening

Huth Elementary School Health Screening

Kaegebein Elementary School Health Screening

Sidway Elementary School Health Screening
