- Procedures within each building to involve student service personnel, administrators, teachers, parents/legal guardians and students in the early identification and resolution of problems;
- For students identified as having handicapping conditions, the policy includes procedures for determining when a student's conduct shall constitute a reason for referral to the Committee on Special Education for review and modification, if as appropriate, of the student's individualized education program;
- Alternative educational programs appropriate to individual student needs;
- Disciplinary measures for violation of the school policies developed in accordance with §3214 of the Education Law;

Remedial responses should place the focus of discipline on discerning and correcting the reasons why discrimination, harassment and bullying occurred. Appropriate remedial measures may include but are not limited to:

Harassment, including the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical wellbeing based on a person's actual or perceived race, color, weight, nation origin, political affiliation, ethnic group, religion, religious practice, marital or veteran status, use of a recognized guide dog, hearing dog or service dog, disability, sexual orientation, gender or sex.
- h. Hazing, including any knowing and/or intentional and/or reckless act directed against another for the purpose of initiation into, affiliating with or maintaining membership in any school-sponsored activity, organization, club or team.
- i. Inappropriately using or sharing prescription and over-the-counter drugs. Any student suspected of being under the influence of alcohol or drugs is subject to a field-screening test. The police, school resource officer or an administrator will administer this test.
- j. Indecent exposure, that is, exposure to sight of the private parts, genitalia, of the body in a lewd or indecent manner.
- k. Initiating a report warning of fire or other catastrophe without valid cause, misuse of 911, or discharging a fire extinguisher.
- l. Lying to school personnel.
- m. Possession and/or use of tobacco and/or tobacco products/paraphernalia including, but not limited to smoking a cigarette, E-cigarette, vape device, cigar, pipe or using chewing or smokeless tobacco.
- n. Selling, using, or possessing obscene material.
- o. Sexual Harassment whether intentional or not, as further set forth in District Policy, which includes unwelcome sexual advances, requests for sexual favors, taking, sending or receiving sexually explicit videos, pictures or auditory recordings, and other verbal or physical conduct or communication of a sexual nature.
- p. Stealing school property, stealing from an outside establishment/business, the property of other students, school personnel or any other person lawfully on school property or attending a school function and/or school sponsored field trip.

13. Engage in misconduct while on a school bus. It is crucial for students to behave appropriately while riding on district buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior.

Examples of misconduct while on a school bus include but are not limited to:

- a. Bullying.
 - b. Conduct endangering other drivers.
 - c. Discrimination.
 - d. Excessive noise.
 - e. Fighting.
 - f. Harassment.
 - g. Inappropriate language.
 - h. Pushing.
 - i. Shoving.
14. Engage in any form of academic misconduct, including assisting another student in any form of academic misconduct.
Examples of academic misconduct include but are not limited to:
 - a. Altering records.
 - b. Cheating.
 - c. Copying.
 - d. Plagiarism.

E. STUDENT USE OF ELECTRONIC COMMUNICATION DEVICES

1. Students are prohibited from using or having on or in an operational mode any paging device, mobile telephone, iPads, iPods, nooks, kindles, cellular telephone, cellular/Smart watch, laser pointer or pen or any other type of telecommunications or imaging device *during instructional time*, except as expressly permitted in connection with authorized use in classrooms. This includes audio and video recording.
2. Elementary, and Middle, students are not permitted to have their devices during the school day. **While students in grades 9-12 are permitted to possess such devices during the school day in non-instructional areas, all Grand Island students are prohibited from using them in any manner which is *disruptive or invades the privacy of students, employees, volunteers or visitors*.** This includes in the bathrooms and/or locker rooms and/or the videotaping of a physical or verbal altercation. Students are not permitted to use any form of information technology, including their own personal electronic devices to intimidate, harass or threaten others. This type of harassment is generally referred to as cyber bullying. If a student violates this prohibition, then he/she is subject to discipline under this provision and/or any other provision in the District Code of Conduct that may be applicable to the circumstances involved.

3. Any electronic device that is permitted on school property is encouraged to be *kept on the person* and in a concealed manner. The Grand Island Central School District is not responsible for loss or damage to any electronic device.

VI. REPORTING VIOLATIONS

A. STUDENT REPORTING

1. All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, bus driver, monitor, security, supervisor, the building principal or his or her designee.
2. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, bus driver, monitor, security, supervisor, the building principal, the principal's designee, or the superintendent.

B. EMPLOYEE REPORTING

All district staff that are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff that are not authorized to impose disciplinary sanctions are expected to promptly report violations of the code of conduct to their supervisors, who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

C. DISCOVERY OF WEAPON, ALCOHOL OR OTHER ILLEGAL SUBSTANCE

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction, if warranted, which may include permanent suspension and referral for prosecution.

D. CRIMINAL ACTIONS

The building principal or his or her designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but in no event later than the close of business the day the principal or his or her designee learns of the violation.

Notification to the Police shall be made only after consultation and notice to the Superintendent unless an emergency. The notification may be made by telephone, followed by a letter mailed on the same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the code of conduct and constituted a crime.

E. ADDITIONAL REPORTING REQUIREMENTS FOR DISCRIMINATION, HARASSMENT, AND BULLYING

The amendment to section 100.2(kk) of the Commissioner's Regulations revises the regulation to conform to and implement the reporting requirements of Chapter 102 by adding provisions for reporting of incidents of harassment, bullying/cyber bullying and discrimination to the superintendent, principal, or their designee, including requirements that:

1. School employees who witness harassment, bullying, and/or discrimination, or receive an oral or written report of such acts shall promptly orally notify the principal, superintendent, or their designee not later than one school day after such employee witnesses or receives a report of such acts, and shall also file a written report with the principal, superintendent, or their designee not later than two school days after making an oral report.
2. The principal, superintendent or the principal's or superintendent's designee shall lead or supervise the thorough investigation of all reports of harassment, bullying and/or discrimination, and ensure that such investigation is completed promptly after receipt of any written reports.
3. When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the superintendent, principal, or designee shall take prompt action, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom such behavior was directed.
4. The principal, superintendent, or their designee shall notify promptly the appropriate local law enforcement agency when it is believed that any harassment, bullying or discrimination constitutes criminal conduct.
5. Police and school officials should cooperate to determine when and how parents will be contacted. For evidence obtained from witnesses over sixteen years of age there is no parental notice requirement. It is a courtesy, but not a requirement to notify parents of victims and witnesses prior to interviewing them. The decision to refrain from or proceed with questioning a potential defendant over sixteen years of age without parental notice or consent should be left with the police.
6. Pursuant to Education Law section 13, retaliation by any school employee or student shall be prohibited against any individual who, in good faith, reports or assists in the investigation of harassment, bullying, and/or discrimination.

VII. DISCIPLINARY PENALTIES

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the student's ability to grow in self-discipline.

A. DISCIPLINARY ACTION

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- Extenuating circumstances.
- Information from parents, teachers and/or others, as appropriate.
- The effectiveness of other forms of discipline.
- The nature of the offense and the circumstances that led to the offense.
- The student's age.
- The student's prior disciplinary record.

B. DISCIPLINE OF STUDENTS WITH DISABILITIES

If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education, and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

C. PENALTIES

Students who are found to have violated the district's code of conduct may be subject to the following penalties, either alone or in combination. The school personnel identified after each penalty are authorized to impose that penalty, consistent with the student's right to due process.

Penalty	Authorized Personnel
Verbal warning	any member of the district
Written warning	coaches, teachers, principal, superintendent
Written notification to parent	coaches, teachers, principal, superintendent
Detention	teachers, principal, superintendent
Suspension from transportation	Director of transportation, principal, superintendent
Suspension from athletic participation	coaches, principal, superintendent
Suspension from social or extracurricular activities	activity director, principal, superintendent
Suspension of other privileges	principal, superintendent
In-school suspension	principal, superintendent
Removal from classroom by teacher	teachers, principal
Short-term (five days or less) suspension from school	principal, superintendent, board of education
Long-term (greater than five days) suspension from school	superintendent, board of education
Permanent suspension from school	superintendent, board of education

D. CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden. However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher, or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

VIII. DISCIPLINARY PROCEDURES AND REFERRALS

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning, or written notification to their parents, may be entitled to additional rights before the penalty is imposed.

A. DETENTION

Teachers, principals and the superintendent may use before or after-school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified of the penalty and the student has appropriate transportation home following detention.

B. SUSPENSION FROM TRANSPORTATION

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance; the district will make appropriate arrangements to provide for the student's education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and the penalty involved.

C. SUSPENSION FROM ATHLETICS AND EXTRACURRICULARS

Students may be suspended from athletic participation, extracurricular activities and other privileges as per the Athletic and Extracurricular Code of Conduct. A student subjected to a suspension from athletic participation, extracurricular activities or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district officials imposing the suspension to discuss the conduct and the penalty involved.

D. IN-SCHOOL SUSPENSION

The board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as of a code of conduct violation in "in-school suspension". The in-school suspension teacher will be a certified teacher.

A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the in-school suspension to discuss the conduct and the penalty involved.

E. DEFINITION OF A DISRUPTIVE STUDENT

For purposes of this code of conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

F. TEACHER DISCIPLINARY REMOVAL OF DISRUPTIVE STUDENTS

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances, the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Time-honored classroom management techniques such as these do not constitute

disciplinary removals for purposes of this code. Such practices may include but are not limited to:

- Sending a student into the hallway briefly.
- Sending a student to a guidance counselor or other district staff member for counseling.
- Sending a student to the principal's office for the remainder of the class time only.
- Short-term "time out" in an elementary classroom or in an administrator's office.

a. NO DANGER OR ON-GOING THREAT OF DISRUPTION

If the disruptive student does not pose a danger or on-going threat of disruption to the academic process, the teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class. A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

b. DANGER OR ONGOING THREAT OF DISRUPTION

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24 hours.

G. DISCIPLINARY REMOVAL FROM THE CLASSROOM PROCESS

1. The teacher must complete a district-established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.
2. Within 24 hours after the student's removal, the principal or another district administrator designated by the principal must notify the student's parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal or the principal's designee to discuss the reasons for the removal.
3. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents.

4. The principal may require the teacher who ordered the removal to attend the informal conference.
5. If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal.
6. Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.
7. Each teacher must keep a complete log (on a district provided form) for all cases of removal of students from his or her class.
8. The principal must keep a log of all removals of students from class.

H. OVERTURNING A DECISION TO REMOVE FROM THE CLASSROOM

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:

1. The charges against the student are not supported by substantial evidence.
2. The student's removal is otherwise in violation of law, including the district's code of conduct.
3. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.
4. The principal or his or her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever comes first.

I. REMOVAL OF A STUDENT WITH A DISABILITY

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student's rights under state or federal law or regulation.

J. SUSPENSION FROM SCHOOL

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others. The board retains its authority to suspend students, but places primary responsibility for the suspension of students with

the superintendent and building principals. Any staff member may recommend to the superintendent or the principal that a student be suspended.

1. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the code of conduct.
2. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.
3. The superintendent or principal, upon receiving a recommendation or referral for suspension; or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

K. SHORT-TERM (5 DAYS OR LESS) SUSPENSION FROM SCHOOL

1. When the superintendent or principal (referred to as the “suspending authority”) proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214 (3), the suspending authority must immediately notify the student orally.
2. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension.
3. The suspending authority must also notify the student’s parents in writing that the student may be suspended from school. The administrator will send the parents/guardians of the student a letter that explains the days of suspension and the incident that led to the suspension.
 - a. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents.
 - b. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.
 - c. The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.
 - d. The notice and opportunity for an informal conference shall take place before the student is suspended unless the student’s presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student’s presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

- e. After the conference, the principal shall promptly advise the parents in writing of his or her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so.
 - i. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal.
 - ii. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the board of education with the district clerk within 10 business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so.
 - iii. Only final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

L. LONG-TERM (MORE THAN 5 DAYS) SUSPENSION FROM SCHOOL

The administrator will send the parents/guardians of the student a letter that explains the days of suspension and the incident that led to the suspension. When the superintendent or building principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing.

1. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.
2. The superintendent shall personally hear and determine the proceeding or may, at his or her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her.
3. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record.
4. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent.
5. The report of the hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.
6. An appeal of the decision of the superintendent may be made to the board that will make its decision based solely upon the record before it.
 - a. All appeals to the board must be in writing and submitted to the district clerk within 10 business days of the date of the superintendent's decision.
 - b. The board may adopt in whole or in part the decision of the superintendent.
 - c. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

M. PERMANENT SUSPENSION

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a continuing danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

N. MINIMUM PERIODS OF SUSPENSION

1. STUDENTS WHO BRING A WEAPON TO SCHOOL

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. (A student with a disability may be suspended only in accordance with the requirements of state and federal law.)

Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

- a. Extenuating circumstances.
- b. Input from parents, teachers, and/or others.
- c. The student's age.
- d. The student's grade in school.
- e. The student's prior disciplinary record.
- f. The superintendent's belief that other forms of discipline may be more effective.

2. STUDENTS WHO COMMIT VIOLENT ACTS OTHER THAN BRING A WEAPON TO SCHOOL

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon. The Superintendent may consider the cumulative effect of each and every act on the part of the student.

3. STUDENTS WHO ARE REPEATEDLY SUBSTANTIALLY DISRUPTIVE OF THE EDUCATIONAL PROCESS OR REPEATEDLY SUBSTANTIALLY INTERFERE WITH THE TEACHER'S AUTHORITY OVER THE CLASSROOM

- a. Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom, will be suspended from school for at least five days.
- b. For purposes of this code of conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by the teacher(s) pursuant to Education Law §3214 (3-a) and this code on four or more occasions during a semester, or three or more occasions during a trimester.
- c. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension.
- d. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension.
- e. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

4. CHANGE OF PLACEMENT RULES

A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:

- a. For more than 10 consecutive school days; or
- b. For a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals, to one another.

O. REFERRALS

1. COUNSELING

The Guidance Office and building Principal shall handle all referrals of students to counseling.

2. PINS PETITION

The district may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

- a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
- b. Engaging in an ongoing or continual course of conduct that makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.
- c. Knowingly and unlawfully possesses marijuana in violation of Penal Law §221.05. A single violation of §221.05 will be a sufficient basis for filing a PINS petition.

3. JUVENILE DELINQUENTS AND JUVENILE OFFENDERS

The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- a. Any student under the age of 16 who is found to have brought a weapon to school; or
- b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20 (42).

P. ALTERNATIVE INSTRUCTION

As far as is practical in the Grand Island Central Schools, alternative educational environments will be considered and offered to students where appropriate. Such alternatives may include but not be restricted to the following:

- Advanced placement and college credit courses
- Alternative school programs
- Detention
- Home teaching
- School exchange
- Special Education Placement
- Time out area

IX. DISCIPLINE OF STUDENTS WITH DISABILITIES

The Board recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The board also recognizes that students with disabilities are entitled to certain procedural protections whenever school authorities intend to impose discipline upon them. The board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This code of conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. CHANGE OF PLACEMENT RULES

1. A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:
 - a. For more than 10 consecutive school days; or
 - b. For a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time

the student is removed and the proximity of the suspensions or removals, to one another.

2. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal. However, the district may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals if the CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

B. AUTHORIZED SUSPENSIONS OR REMOVALS OF STUDENTS WITH DISABILITIES

1. For purposes of this section of the code of conduct, the following definitions apply:
 - a. A "suspension" means a suspension pursuant to Education Law §3214.
 - b. A "removal" means a removal for disciplinary reasons from the student's current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others.
 - c. An "IAES" means a temporary educational placement for a period of up to 45 days other than the student's current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student's current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from returning.
 - d. "Weapon" means the same as "dangerous weapon" under 18U.S.C. §930(g) (w) which includes "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except ...[for] a pocket knife with a blade of less than 2 ½ inches in length.
 - e. "Controlled substance" means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.
 - f. "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other law.

2. School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
 - a. The board, the district (BOCES) superintendent of schools or a building principal may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
 - b. The superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (1) above for the same behavior, if the superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.
 - c. The superintendent may order additional suspensions of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.
 - d. The superintendent may order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.
3. Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

C. SPECIAL RULES REGARDING THE SUSPENSION OR REMOVAL OF STUDENTS WITH DISABILITIES

1. The district's Committee on Special Education shall:
 - a. Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the district is first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

- i. If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention and its implementation to determine if modifications are necessary.
 - ii. If one or more members of the CSE believe that modifications are needed, the school district shall convene a meeting of the CSE to modify such plan and its implementation, to the extent the committee determines necessary.
 - b. Conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.
- 2. a. The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.
- b. The superintendent, building principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
- c. A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the district had knowledge the student was a student with a disability. The district either:
 - i. Conducted an individual evaluation and determined that the student is not a student with a disability, or
 - ii. Determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations.

- d. If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.
 - e. However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the district, which can include suspension.
3. The district shall provide parents with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement.
 4. The procedural safeguards notice prescribed by the Commissioner shall accompany the notice of disciplinary removal.
 5. The parents of a student with disabilities subject to a suspension of five consecutive school days or less shall be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.
 6. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days shall be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Commissioner's regulations incorporated into this code.
 7. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than 10 consecutive days or for a period that would result in a disciplinary change in period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student's disability.
 8. During any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the Commissioner's regulations incorporated into this code.

D. EXPEDITED DUE PROCESS HEARINGS

An expedited due process hearing shall be conducted in the manner specified by the Commissioner's regulations incorporated into this code.

1. The district requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.
2. The parent requests such a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.
3. During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the district agree otherwise.
4. If school personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.
5. An expedited due process hearing shall be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such time period, he or she must mail a written decision to the district and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. REFERRAL TO LAW ENFORCEMENT AND JUDICIAL AUTHORITIES

In accordance with the provisions of IDEA and its implementing regulations:

1. The district may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement.
2. The superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

F. Red Flag Law

School administrator or designee will be able to file a petition, ask a court to issue an “extreme risk protection order” against a student, if a young person is experiencing a crisis or exhibiting dangerous behavior. The court may authorize action by law enforcement to prevent the individual from accessing firearms. A petition may be filed by a school principal or other “chief school officer” working at the school.

Vice principals, assistant principals and teachers are not authorized to file petitions but they can do so if designated in writing by the principal or chief school officer. Other individuals who may be designated are: school guidance counselors, school psychologists, school social workers, school nurses, other school personnel required to hold a teaching or administrative license or certificate, and full or part-time compensated school employees required to hold a temporary coaching license or professional coaching certificate.

An enrolled student will remain enrolled under the Red Flag law unless the district takes separate action in accordance with their code of conduct. The law provides for a two-stage process: a temporary extreme risk protection order and a final extreme risk protection order. The court can issue a temporary extreme risk protection order if the school official can provide factors that the student is a threat.

a. Temporary extreme risk protection order

The school administrator must file the petition in the state Supreme Court of the county in which the student resides in. A decision regarding whether to grant the application will be made by the court the same day that the application is filed.

In determining if a temporary extreme risk protection order is needed, the court may conduct an examination, under oath, of the school officials, any witness or witnesses that may be present. Factors may include:

- a threat or act of violence or use of physical force directed toward self, the school official, or another person
- any pending charges or conviction for an offense
- reckless use, display or brandishing of a firearm, rifle, or shotgun
- evidence of abuse of controlled substances or alcohol within six months of the petition
- if there is evidence of recent acquisition of a firearm, rifle, or shotgun

If the court does issue a temporary extreme risk protection order, the student would be prohibited from purchasing, possessing, or attempting to purchase or possess a firearm, rifle or shotgun. The courts would notify the state police and law enforcement agency within the jurisdiction, all applicable licensing officers, and the division of criminal justice services. A law officer will also search the student’s possession for firearms, rifles, and shotguns.

b. Final extreme risk protection order

Three to six days after the student is served with a temporary extreme risk protection order, the court will hold a hearing to determine if a final extreme risk protection order will be issued, unless the student has requested additional time to prepare. If the final extreme protection order is issued, any firearm, rifle, or shotgun removed previously will be kept by law enforcement, and the student's firearm license will be suspended.

The final extreme risk protection order will be in effect for a period of one year. The court will notify appropriate agencies, including law enforcement and criminal services, and the Federal Bureau of Investigation.

c. Considerations

If school personnel become aware of a student who is exhibiting behavior you consider dangerous, you should immediately bring the matter to the attention of the school principal or chief school officer.

If the school administrator believes the student is likely to engage in conduct that would result in serious harm to themselves or others and should not have access to firearms, the administrator should contact the district's school attorney immediately. The attorney can assist in seeking an extreme risk protection order.

X. STUDENT CONDUCT ON SCHOOL BUSES

A. WAITING FOR THE BUS

1. Students are not to push, pull, fight, or chase other students at the bus stop or bus stop to home.
2. Be on time for the bus. Students are to arrive at the stop at least five minutes, but not more than ten minutes, before the bus is scheduled to stop. Our routing is a combination of individual house stops and corner stops. In inclement weather, students sometimes wait inside their houses until the bus arrives. The extra time that the bus has to wait for a student at a stop disrupts the bus schedule and results in other students who are on time waiting longer in the same weather at their bus stops.
3. If your child misses the school bus NEVER let them run after the bus. NEVER drop off your child behind the school bus at another stop. They have a tendency to get too close to the bus when it pulls away.
4. As the bus approaches, students are to line up fifteen feet from the road. Students are not to approach the bus until it has stopped and the driver has opened the door. In general, buses are to stop 10 feet back from where a student crosses. If the student has to cross the road to get to the bus from your bus stop, observe these precautions:
 - a. Make certain that the red lights are flashing. Wait for the driver to signal to begin crossing. The driver will signal with the P.A. or by using their thumb or forefinger to signal when it is safe for the student to approach the end of their driveway or curb. When at the end of their driveway or curb, students

Commented [1]: Should we add a loading section? I know there will be different loading/unloading procedures this year.

Commented [2]: I dont think so - I think no matter what the same rules will apply

are to look both ways (left and right) to make certain that all traffic has stopped, and it is safe for them to cross the road. After they have crossed, students are then to walk along the shoulder of the road to the door entrance.

5. Students are to be alert to any warning issued by the driver over the P.A. system.
6. Additionally, all students are to understand that if the horn blows while they are crossing the road, they are to immediately return to the side of the road that they started from.
7. When students are boarding the school bus they must stay out of the school bus danger zone.
8. Students are to never walk behind the bus or touch or reach under the bus.

B. UNLOADING THE BUS

1. Students are not to leave their seat until the bus has come to a complete stop and the driver has opened the door.
2. Before stepping off of the bus students are to look to the right to make certain that a car, motorcycle, bicycle, etc. is not passing the bus on the right.
3. Crossers are to walk out along the shoulder of the road at least 10 feet (ten steps) in front of the bus. This distance to be used, in conjunction with the principle that the students are to go far enough out so that they can see the driver and the driver can see them.
4. Students are to remember: "I can see you, you can see me."
5. When it is safe to cross, the driver will aim with their thumb and forefinger at the student and then point towards the center of the road to signal when it is safe to proceed to the center of the road/edge of the bus.
6. At the center of the road, all students are to individually stop and look both ways (left and right) to make certain that all traffic has stopped and it is safe for them to proceed across the road.
7. Students are to be alert to any warning issued by the driver over the P.A. system.
8. All students are to understand that if the horn blows while they are crossing the road, they are to immediately return to the side of the road that they started from.
9. When students get off of the school bus, they must stay out of the school bus danger zone.
10. Students are to never walk behind the bus or touch or reach under the bus.
11. The bus is to remain halted until the students are out to the school Bus Danger Zone. Vehicle Traffic Law (V.T.) 1174 states that before the bus leaves the stop, all students must be "at least 15 feet from the bus and either off the highway, street or private road, or on a sidewalk."
12. Students going to mailboxes, paper boxes, bringing in the garbage cans, etc. make this rule a particular concern.
13. Parents must not supersede the bus driver's directions to their children by calling them across the road or in any way distracting their children from the bus safety procedures established by this policy.

C. STUDENT DRIVERS AND PARKING

1. Student parking will be a senior privilege only and depend on the following:
2. A student has maintained a 90% attendance rate with reference to absences and tardies. In addition, all student fee obligations have been met.
3. A student has a specific curricular need; special program, internship, etc. (KenTon & Harkness included).
4. Valid work release.
5. Permission to park on this property subjects the vehicle to search by any police agency at the school's request.
6. Copy of vehicle registration, insurance card and student license are due at the time of permit application.

XI. STUDENT SEARCHES AND INTERROGATIONS

A. COMMITMENT TO A SAFE AND ORDERLY ATMOSPHERE

The board of education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment:

1. Any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct.
2. Students are not entitled to any sort of "Miranda" type warning before being questioned by school officials,
3. Nor are school officials required to contact a student's parent before questioning the student.
4. However, school officials will tell all students why they are being questioned.
5. Grand Island School Board Regulations #7440R will be followed and Grand Island School Board Policy #7471 on Gun-Free School will be followed.

B. CONDUCTING A SEARCH

1. The board authorizes the superintendent, building principals, the school nurse and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct.
2. An authorized school official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.
3. An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if:
 - a. They have previously supplied information that was accurate and verified.
 - b. They make an admission against their own interest.

- c. They provide the same information that is received independently from other sources.
 - d. They appear to be credible and the information they are communicating relates to an immediate threat to safety.
 - e. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.
4. Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.
 5. Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

C. STUDENT LOCKERS, DESKS AND OTHER SCHOOL STORAGE PLACES

The rules in this code of conduct regarding searches of students and their belongings do not apply to student lockers, desks, and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

D. STRIP SEARCHES

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. No school official will conduct a strip search of a student. A strip search shall only be conducted by the police. After notification to the Superintendent, the police will be contacted to take full control and responsibility of the search.

E. POLICE INVOLVEMENT IN SEARCHES AND INTERROGATIONS OF STUDENTS

1. District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. If a student commits an act that may be considered a crime while on school property or during an off-campus school sponsored activity, the district reserves the right to file a complaint. This complaint will be against the perpetrator and will be with the police.
2. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:
 - a. A search or an arrest warrant; or

- b. Probable cause to believe a crime has been committed on school property or at a school function; or
 - c. Been invited by school officials.
- 3. Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function.
- 4. Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:
 - a. They must be informed of their legal rights.
 - b. They may remain silent if they so desire.
 - c. They may request the presence of an attorney.

F. CHILD PROTECTIVE SERVICES INVESTIGATIONS

- 1. Consistent with the district's commitment to keep students safe from harm and the obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.
- 2. All requests by child protective services to interview a student on school property shall be made directly to the building principal or his or her designee.
- 3. The principal or his or her designee shall set the time and place of the interview.
- 4. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations.
- 5. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the school nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a child protective services worker or school district official of the opposite sex.
- 6. A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

XII. VISITORS TO THE SCHOOLS

The board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. Anyone who is not a regular staff member or student of the school will be considered a visitor. The building principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

- A. All visitors to the school must report to the office of the principal upon arrival at the school. There they will be required to present their driver's license, sign the visitor's register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the principal's office before leaving the building.
- B. All visitors are expected to abide by the rules for public conduct on school property contained in this code of conduct.
- C. Any unauthorized person on school property will be reported to the principal or his or her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
- D. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s) so that class disruption is kept to a minimum.
- E. Teachers are expected not to take class time to discuss individual matters with visitors.
- F. Visitors attending school functions that are open to the public, such as parent teacher organization meetings or public gatherings, are not required to register.

XIII. PUBLIC CONDUCT ON SCHOOL PROPERTY

- A. The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function, including students, teachers and district personnel.
- B. The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.
- C. All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

D. PROHIBITED CONDUCT

No person, either alone or with others, shall:

1. Disrupt the orderly conduct of classes, school programs or other school activities.
2. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
3. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed.
4. Gamble on school property or at school functions.
5. Intentionally damage or destroy school district property or the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.
6. Intentionally injure any person or threaten to do so.
7. Intimidate, harass or discriminate against any person on the basis of race, color, creed, national origin, religion, age, gender, sexual orientation or disability.
8. Loiter on or about school property.
9. Obstruct the free movement of any person in any place to which this code applies.
10. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
11. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
12. Violate any federal or state statute, local ordinance or board policy while on property or while at a school function.
13. Violate the traffic laws, parking regulations, or other restrictions on vehicles.
14. Willfully incite others to commit any of the acts prohibited by this code.

E. PENALTIES

Persons who violate this code shall be subject to the following penalties:

1. Visitors: Their authorization, if any, to remain on school ground or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.
2. Students: They shall be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements.
3. Tenured faculty members: They shall be subject to disciplinary action as the facts may warrant in accordance with Education Law §3020-a or any other legal rights that they may have.
4. Staff members in the classified service of the civil service: They are entitled to the protection of Civil Service Law §75 or any other legal rights that they may have.
5. Staff members, other than those described in subdivisions 3 and 4, shall be subject to warning, reprimand, suspension or dismissal as the facts may warrant in accordance with any legal rights they may have.

F. ENFORCEMENT

1. The building principal or his or her designee shall be responsible for enforcing the conduct required by this code.
2. When the building principal or his or her designee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property, the principal or his or her designee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop.
3. The principal or his or her designee shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the principal or his or her designee shall have the individual removed immediately from school property or school function.
4. If necessary, local law enforcement authorities will be contacted to assist in removing the person.
5. The district shall initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section above.
6. In addition, the district reserves its right to pursue a civil or criminal legal action against any person violating the code.

XIV. PUBLICATIONS, DISTRIBUTION, AND REVIEW

A. DISSEMINATION OF CODE OF CONDUCT

The board will work to ensure that the community is aware of this code of conduct by:

1. Making copies of the code available for review by students, parents and other community members.
2. Making copies of the code available to all parents at the beginning of the school year.
3. Providing a public hearing prior to Board approval.
4. Providing a summary of the Code of Conduct to be mailed to all students to ensure that students understand the standards of respect, and appropriate behavior that the school community expects from them.
5. Providing a summary of the code of conduct written in plain language to all parents of district students before the beginning of the school year and making this summary available later upon request.
6. Providing all current teachers and other staff members with a copy of the code and a copy of any amendments to the code as soon as practicable after adoption.
7. Providing all new teachers and teaching assistants with a copy of the current code of conduct when they are first hired. (Other employees will receive a Summary of the Code of Conduct.)
8. Providing copies of a summary of the code to all students in an age-appropriate, plain language version, at a general school assembly held at the beginning of each school year.

9. Providing training to staff that specifically highlights the Dignity Act provisions, such as the prohibition against discrimination, harassment and bullying, reporting requirements and the availability of each school's Dignity Act Coordinator.

B. REVIEW

1. The board of education will review this code of conduct yearly and update it as necessary. In conducting the review, the board will consider how effective the code's provisions have been and whether the code has been applied fairly and consistently.
2. The board may appoint an advisory committee to assist in reviewing the code of conduct and the district's response to code of conduct violations. The committee will be made up of representatives of student, teacher, administrator, and parent organizations, school safety personnel, and other school personnel.
3. Before adopting any revisions to the code, the board will hold at least one public hearing at which school personnel, parents, students, and any other interested party may participate.

C. PUBLICATION

The District shall post the complete Code of Conduct (with all amendments and annual updates) on the District's website, if available. The District shall file a copy of its Code of Conduct and any amendments with the Commissioner, in a manner prescribed by the Commissioner, no later than thirty (30) days after their respective adoptions.
